20+ Sofas That Make A Case for Decorating With Jewel Tones

Forget diamonds — the hautest gems of the moment are found in our homes, in the shape of jewel-toned sofas. Not only do couches clad in saturated tones and velvety textures feel particularly luxe, they deliver unmatched drama. Read on to sink into all things sumptuous with sofas that bring the crown jewels home.

HOUSE & HOME

"This is my absolute favorite piece of furniture of all time," says New Jersey-based designer [Victoria Bell](#). "I call her 'The Green Queen.' I absolutely love jewel tones — they add such a depth and richness to a space."
